

Prophet

Well to keep it simple i was born in Tarboro, NC moved to Rocky Mount (where i spent most of my life) and i also lived in D.C. and VA. I was never the one to say i want to be a producer or yet alone a rapper growing up, I just like music in its pure aspect (no vocals) and thats when i had started making beats on Ps1's MTV music generators 1&2. My cuz Channel Q showed me what was up with them then i met a guy by the name of Preston Thompson you know him as Sir-viva. He was unsaved at the time but he could rap and i made beats so 1+1=? He as well as my cuzzin told me i should do something wit my music so i did and here i am. the very first track i did was with Da Messenger (you know him as Sir-viva) called "So Sweet" and it was a joint that we did for mothers day. and that was the first time i ever rapped. then it just went on from there i did a couple of tracks for LOJ (Lions of Judah) and now i am working on my first albumn and also helping others with their's. i said this will be short so i will end it with this.....????????????????

LOL
